

Greens Committee Meeting June 14, 2010

Attending: Jeff Winn, Sandy Troemel, Bob Wright, Paul Singer and Sparky

Absent: Leif Knudsen and Dale Jensen

Jeff requested to cut down the 2 leaning trees by the cart shed and also the dead one on the left fairway of #4, we all agreed.

We discussed water issue and Sparky still hadn't received the quote for the panel replacement, but the Vendor said they could replace the panel within a couple of days. Sparky will follow up as we're all concerned that we hadn't even received the bid yet much less get the problem fixed!

Sparky updated us on his most critical issues:

- Get the panel fixed for our watering system
- Irrigation to the practice green
- Fix the broken pipe in front of #1
- Fix the broken pipe on the back of #3 green
- Fix the sand traps

We reviewed Dales Letter and agreed that the tree program needs to be in place.

Discussion was held regarding the tree program, Jeff and Dale will work with Sparky and go hole by hole to see what trees need to be taken down and replaced.

We also discussed cleaning up the rocks outside of the Windmill area on #9, especially with Round Robin taking place on June 25. Also need to trim the weeds down by the creek.

Spark will bring the old benches up behind the gas pumps so anyone interested in trying to fix them can see them and figure out the best approach.

Discussion was also held about the cart path going back to #7 Tee, Jeff discussed scrapping down the make it level and then laying Waukesha Chip on top, he will work with Sparky on this project.

Next meeting is July 12 at 5:00.

Respectfully submitted by Sandy Troemel
